

Price List of WarmFörm Provided components:

Edge Element Standard & PH4:	\$ 119.00
Corner Element Standard & PH4:	127.00
Edge Element PH6:	\$ 136.00
Corner Element PH6:	144.00
Edge Element PH8:	\$ 142.00
Corner Element PH8:	152.00
Stone Curb Element 4'x14"x 8":	25.00
Center Foam under-slab packs (4)2'x4'x4":	86.00
Center Foam under-grade beam (4)2'x4'x4":	105.00
WarmFörm Edge Clamps each: (you use one per Element)	2.50
WarmFörm Joining Plates each: (you use one per Element)	2.00
WarmFörm Foam Spikes box of 250: (you use 1 spike/4sqft of center foam)	52.00
Speedies Slab Mesh Spacers stacks of 50: (you use 1 spacer/8sqft of slab area)	45.00

Perimeter insulation is provided by others where required by code. Vapor barrier is provided by others. Stone Drainage Base is provided by others. Note recommended spec for Stone Base is as follows:

- Main base layer equal to a washed, evenly graded mixture of crushed stone or gravel, 100% passing 1 1/2" sieve, no more than 5% passing No.4 sieve.
- 2" topping layer equal to a washed, evenly graded mixture of crushed stone or gravel, 100% passing 3/4" sieve, no more than 5% passing No.4 sieve.
- Setting strip under the perimeter elements of a 1/4" crushed washed stone, thickness as necessary to adjust perimeter elements to level.

Review this with your stone supplier. Stone base must meet common practice for Frost Resistant Fill.
